RELEVANT EXPERIENCE

Search Engine Evaluator   March 2019 - Present
Appen, Remote

- Analyzing the quality of search engine results according to the user's location and search intent to improve the search engines display results.
- Identifying fake articles and inappropriate media content to prevent them from appearing in search results for better user experience.

Manual Test Engineer   October 2017 - March 2019
Pole To Win, Bangalore India

- Worked closely with a team of software developers to implement the deep linking feature of the "Wizard of Oz" app for iOS, android, and kindle platforms.
- Received client recognition for successfully carrying out DLC functionality and integration tests by generating bug reports using Charles proxy and identifying bugs on live production.
- Managed a team of manual test engineers and carried out functionality and regression testing for a holiday sale feature.

PROJECTS

Social Media, *https://github.com/Abhigyan001/ror-social-scaffold*
- This is a website where users can send and receive friend requests from other users. Users can see the posts created by their friends on their timeline. They can like it as well as comment on it.

Restaurant, *https://github.com/Abhigyan001/Restaurant*
- This website was built with JavaScript and Webpack. It contains a tab that allows the user to navigate through the three sections of the page: home, menu, and contact.

EDUCATION

Microverse, *Certificate*   August 2020 - Present
- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while developing projects in Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair-programming, using GitHub, standard GitFlow, and daily standups to collaborate with international remote developers.

FreeCodeCamp, *Certificates*   November 2018 -Present
- Responsive Web Design. Spent 300+ hours mastering web design principles.
- JavaScript and Data Structures. Spent 300+ hours to master JavaScript.

Tezpur University, *Major*   August 2012 - June 2016
- Civil Engineering, B. Tech.
